Re revision of Establishment &c charges in the Sri Rameswara Devaru temple at Mesthakalli.

From

The Dy Commr, Shimoga Dt

No 829/60 Dated 18th March 1896.

The Dy Commr reports, after a personal inspection, that the management of the Sri Rameswara Devaru temple at Virthakalli was entrusted entirely to the Dharmadarsi, that expenditure was being incurred on a scale not sanctioned by Govt. Being an important institution the Dy Commr has submitted a scale of Establishment & other charges & solicits sanction thereto.

From the comparative

File No. of Mu rai Secretariat.

It is observed that the total Receipts of the temple are Rs 1960 per annum. The annual expenditure is Rs 1345 and the proposed expenditure is Rs 1476. An excess of Rs 131 is asked for

The institution was inspected by the Amjoint Secretary on the 6th January 1906.

Submitted

Shimoga 22d May 1889.

To
The Chief Secretary to the
Dewan of Mysore.

Sir,

I have the honor to bring to the notice of Government that though it is now 10 years since the passing of the proceedings of the Chief Commissioner No. 3362-73 dated 27th September 1871 No. 161 abolishing the separate levy of Nokatarfa and Municipal tax on houses situated in Municipalities the old order of things still continues in Tirthalli and has formed the subject of complaints to me since 1887.

2. The difficulty in introducing the new system has arisen from the Rameshwar Dewar temple being declared entitled to the Nokatarfa revenue of the village of Padavanhalli included

the limits of Jirthalli town, and also from the claims set up by Subrayan Agrahardars and by the Puttige Matt to Mohatarfa in the village of Kuravalli also included within the town of Jirthalli. There was nothing to prevent the new system being adopted in the villages of Jirthalli and Melnagi the two remaining villages that went to form the Jirthalli town, but pending the decision of the question of Mohatarfa in the larger components of Padavanhalli and Kuravalli, the old system would appear to have been maintained in the first named villages also.

3. Under proceedings of the Dewan No 1110/79 dated 4th May 1882 marked H in red ink in the Memorandum herewith submitted the Agrahardars and the Matt have been declared not entitled to the Mohatarfa of Kuravalli.

there remains only the question of extending the new system to the village of Pada vanballi, which, if solved, would clear the way for the Municipality being placed on the same footing as the other Municipalities in the Province -

4- When last at Jaffnalli I had repeated conferences with the townspeople and with the Panchayetdars of the Temple and spoke to them about the anomalous state of things in Jaffnalli - I explained to the Panchayetdars that they stood in the position of Government - as regards Vannarpa and as their village happened to be situated within Municipal limits, they ought properly to contribute to the cost of the Conservancy of the town The majority of the townspeople were for the house tax being assessed under the new system The Panchayetdars of the "

on the other hand, contended laying the houses on valuation would result in loss to them, and if in addition they had to contribute from their reduced Mohatarfa to Municipal charges, their revenue would be seriously diminished. After further discussion they felt convinced of the unfairness of subjecting the houses in Virthalli Municipality to two separate taxes and agreed to one consolidated rate being adopted and to allot 1/4th of the Mohatarfa realizations of Padavanhalli to the Municipal fund. I tried to persuade them to agree to 1/3rd being assigned to the Municipality. They urged, and with reason, that even 1/4th of the total Mohatarfa would lessen their income by Rs 264-6- and put them to the necessity of curtailing expenditure all round

5- From Statement C, it will

be seen that the expenditure of the temple during 1887-88 was Rs 967-6-8 and the income from Mohatarfa was Rs 1032 whereas under the proposed arrangement 3/4 ths of the taxes will give the Devasthan only 767-10-0 and thus the temple will have to meet a deficit of 199-12-8 under this head of income.

6. I would therefore recommend that the offer of the Panchayatdars to allow 1/4 th of the collections under the new system to be utilized for Municipal purposes be accepted.

7. I may note here that some of the Panchayatdars of the temple are also Municipal Commissioners, and are as much interested in the prosperity of the Municipality as in the temple. The temple itself is under Mirasdar management and is officer responsible

being of the temple, I have given much thought to the subject and consider the proportion fixed as very fair to both institutions under present circumstances.

9. It will be seen from statement marked D that under the new system the Government the temple and the Municipality all suffer in their income but the people get appreciable relief in taxation, the amount remitted being Rs 345/- the collections under the heads Mohatarfa and Municipal house tax under the present system being Rs 1601-0-0 and under the new system Rs 1256-. The Municipal income, however, suffers only to the extent of Rs 59 and this can be easily made good by levying octroi on some articles such as oil, sheep, fish imported into the town. The town is a rising one and the octroi will not be much felt by the people, and will not materially interfere

with bride -

9- In Chief Commissioners proceedings No 5216-17 / Pol. 259 dated 8th January 1880 marked I in the Memo, the present system was ordered to be continued and information was called for on certain points - This information was supplied in this Offic letter No 210 dated 26th July 1880 marked J in the Memo.

10- I consider the arrangement now proposed is equitable to all the interests concerned and gives appreciable relief to the residents of the Municipality and makes the taxation in the town of Tirhalle uniform with that obtaining in the other towns of the Province and further meets the views of the Chief Commissioner Conveyed in his proceedings No 5216-17 / Pol. 259 dated 8th January 1880 marked I in red ink in the Memo.

10. The most important feature in the Revision recently effected is the abolition of the separate tax called "Kachara Sheriff" on Houses amounting to Rs 412-8-0 in the last year, and substitution of a single consolidated Tax with due regard to the requirements of the Municipality as well as of the temple which hitherto received in the Inam portion of the Town — the whole of the Mohatarfa Tax the Municipality receiving the small Kachara Sheriff on the same houses since

1865-

11. Thus additional I was most obnoxious and had to be levied for the ordinary conservancy Dea. of the Town since the question of the Temple contributing a sufficient sum to the Municipality has not yet been decided.

12. The question was for the last time submitted for the orders of Government in 1889 by Rao Bahadur Rao B.A, the then Dy Commissioner who with the consent of the local Panchayat under the Munzoy management proposed that to the temple might be paid 1/4 of the Mohatarfa paid to the Municipality. +

+ Vide his letter Dis. 117/106 of the 22nd

13. With deference to his proposal I regret considerably to be compelled to differ from him and to state that under the circumstances, the Temple which stands in the position

of Government ought to meet all the charges of the Municipality or contribute at least one half of the Mohatarfa it receives.

14. Though the Mohatarfa improved considerably consequent on the improvement of the Municipal Town, the whole of the Mohatarfa in the Inam portion going to the temple for more than a quarter of a century has proved highly detrimental to the Municipality and it is but fair that the question long pending should be decided once for all in accordance with the Common rule of paying half the Mohatarfa to Government and the other half of the Municipality.

15. Previous to 1861-62 the Mohatarfa collected never exceeded Rs 46-3-8, the old Berij

16. In 1860-61

Rs 44-10-0 of which Jodi of Rs 26-15-1 was paid to Government leaving a balance of 17-11-9 for the temple.

17. The Mohatarfa received by the temple last year amounts to Rs 1021 while it amounted to Rs 1032 in 1889 when the Panchayat consented to pay one-fourth thereof viz. Rs 258 to the Municipality leaving Rs 774 for the temple.

18. It is important to note that according to the provision the Mohatarfa of the Inam portion amounts to 1476-8-0 and one-half thereof is very nearly as much as what the Panchayat then wanted to be left for the temple.

19. It may thus be seen that to receive one half from the Municipality is in no way

unpaid to the temple and the contention of the Panchayat that not more than one-fourth shall still be received from the Municipality is exceedingly unfair.

20. Before the constitution of the Panchayat in 1870 there was only an Archika for the management of the affairs of the temple. Since the Panchayat was formed it raised the establishment from time to time and it stands as follows:

1 Archik per mensem	Rs 4-0-0
1 Paricharika	" 4-0-0
1 Odiga (Peon)	" 5-0-0
Bhajanthries	" 5-0-0
1 Shanbhogue	" 6-0-0
Sanskrit School Master	" 8-0-0

21. The Bhajanthries (barbers) as admitted by a Member of the Panchayat were introduced

chiefly for the service the Mal-
vaad Town. It appears that there
were no permanent barbers
in Vathalli before, and those
who visited occasionally had
to be paid higher wages. The
Panchayat evidently increased
the expenditure, for it had plenty
of money at Command.

22. Not to say anything
of the other items of expenditure
which may admit of reduction
it is obvious that the Shanbhog
and peon may at once be dis-
pensed with, the town Shanbhog
and Patel doing the work as
elsewhere.

23. I have directed the Amil
dar to credit one-fourth of the
Mokhatapa of the Inam portion
to the Municipality and hold
another fourth in deposit leaving
the remaining half to the Temple
pending final settlement of the

question by Government and tru that it may be determined as early as practicable.

24. I have further directed the Amildar to credit the Mohatarfa of the Sirkar portion of the town in equal parts to the Government and the Municipality as this question appears to have got mixed up with the first question detailed above and remained undisposed of although there was nothing to prevent its settlement then and there.

25. I have sent a copy of Mr Madhava Raos letter with enclosures and an extract of this letter (paras 10 to 26) together with a list of the receipts and expenditure of the Temple for the 15 months ended 30th June 1892 for the information of the Secretary, Mugwoy Department.

No. 117 of 22nd May 1889.

who, I hope, will be able to agree with my proposal to pay half the Mohatarfa to the Municipality and to regulate the future expenditure of the temple according to its present requirements.

26. I am not at all for curtailing the expenditure of the temple in any way undesirable, but I simply mean to do away with the useless and unnecessary expenditure for the good of the temple itself.

I have the
honour Abdul Rahman, K. B.r

Sir,

I have the honour to state that during my last visit to Sirthalli, I found on looking into the accounts of Sri Rameshwar devaru of that place, that the management was entrusted entirely to the Dharmadarsis and that expenditure was being incurred on a scale not sanctioned by Government. I beg to enclose a statement shewing present income and expenditure and another shewing the expenditure proposed to be incurred under the new management. In accordance with the new scale there is an expected income of Rs 1960 and

the

the expenditure proposed to be incurred is Rs 1440 having an annual surplus of Rs 520/- which will be reserved for meeting the cost of repairs to the temple and other extraordinary expenditure that may be found necessary from time to time.

2. I request early sanction to this arrangement to enable me to issue orders to credit all moneys received and disburse all items of expenditure on passed bills.

Correspondence ending with letter No 829-60, dated 1st March 1906, from the Deputy Commissioner, Shimoga District, submitting for sanction, a scale of expenditure in the Sri Rameswaradevaru temple at Tirthahalli.

No. 1351-2, DATED BANGALORE, 30TH MARCH 1906.

ORDER THEREON.—The Sri Rameswaradevaru temple at Tirthahalli is an important Muzrai Institution enjoying an annual income of about Rs. 1,960 as shown in the appended statement A. The Deputy Commissioner, Mr. M. S. Narayan Rao, reports after personal inspection, that the management of the temple is entirely in the hands of the dharmadarsis who incur expenditure according to a scale not sanctioned by Government. The Deputy Commissioner proposes to effect certain improvements in the services rendered in this important temple, and has submitted for approval a new scale of expenditure involving certain additions to, and alterations in, the existing scale.

2. From the comparative statement B hereto appended, it is observed that an annual expenditure under the existing scale is Rs. 1,345 and that proposed Rs. 1,476, as against an income of Rs. 1,960. The Government are pleased to sanction the revised scale of expenditure recommended as shown in the appended statement B.

3. The Deputy Commissioner is requested to issue necessary orders to disburse Nityakatle and Establishment charges every month on bills passed by the Amildar as in the case of the Muzrai Institutions endowed with cash grant, the amount fixed for Hetchukatle being also disbursed by him during the month in which the utsavams, etc., occur. Orders should also be issued to the Amildar directing him to see that all moneys received on behalf of the temple are duly remitted to the Treasury and credited to the funds of the Institution.
